

# How to store GUI layout changes persistently in Eclipse based software?

- $\circ$  How to store GUI layout customizations persistently in Eclipse based software?
- Where are GUI layout settings stored?
- How to switch between different GUI layouts?
- I know how to save and restore user preference settings but this does not affect the GUI layout
- How can I save the sizes of the windows?

- GUI settings are stored in **Perspectives**
- There are several functions regarding perspectives available under **Menubar > Window**

## In ASCET-DEVELOPER V7.3:

- For example:
  - Save Perspective As... let's you save the current GUI settings and with ...
  - **Open Perspective** you may open just this stored GUI settings at any time later on

### In SCODE-ANALYZER V2.5:

| Edit Search Project | Window Help   |                        |
|---------------------|---|------------------------|
| r ▼ 🔚 🐚 i 分 ↔ i 🗣   | New Window<br>Editor<br>Appearance<br>Show View<br>2 Perspective<br>Navigation<br>Preferences<br>3 Save Perspective<br>Reset Perspective<br>Close Perspective<br>Close All Perspective<br>Close All Perspective | ective<br>As<br>e<br>e |

#### In ISOLAR-A V9.3:

| He Edit Navigate Search Project RTE   | Vindow Help<br>New Window                |   | <b>∦ + : g¤ + : ⊵</b> + 점 + ♥⇒  |   | ⇔ •                              |
|---|--|---|---|---|----------------------------------|
| AR Explorer 🛛 🙀 Filesystem Navigator 📄 select one of the following to add project(s) to the views   | Editor<br>Hide Toolbar<br>Show View      | • |   | ~ |                                  |
| <ul> <li>Import project(s)</li> <li>New Autosar Project</li> <li>Import Example Projects</li> </ul> | Perspective<br>Navigation<br>Preferences | • | Open Perspective<br>Customize Perspective<br>Save Perspective As<br>Reset Perspective |   | BCT (ECU Conf + Code Generation) |
|   |  |   | Close Perspective<br>Close All Perspectives   |   | Other                            |

### In ISOLAR-EVE V3.2.1:

*i* Additional information

- A **Perspective** is the configuration of the views (sub windows) of the application with respect to size and location on the screen.
- The latest perspective will always be...
  - Stored during shutdown and
  - Restored with all other preferences during start-up
