

Question:

- How to switch off warning message regarding the **deprecated feature: BDE temp variables**?
- *WARNING(WMdl204): deprecated feature: BDE temp variables*

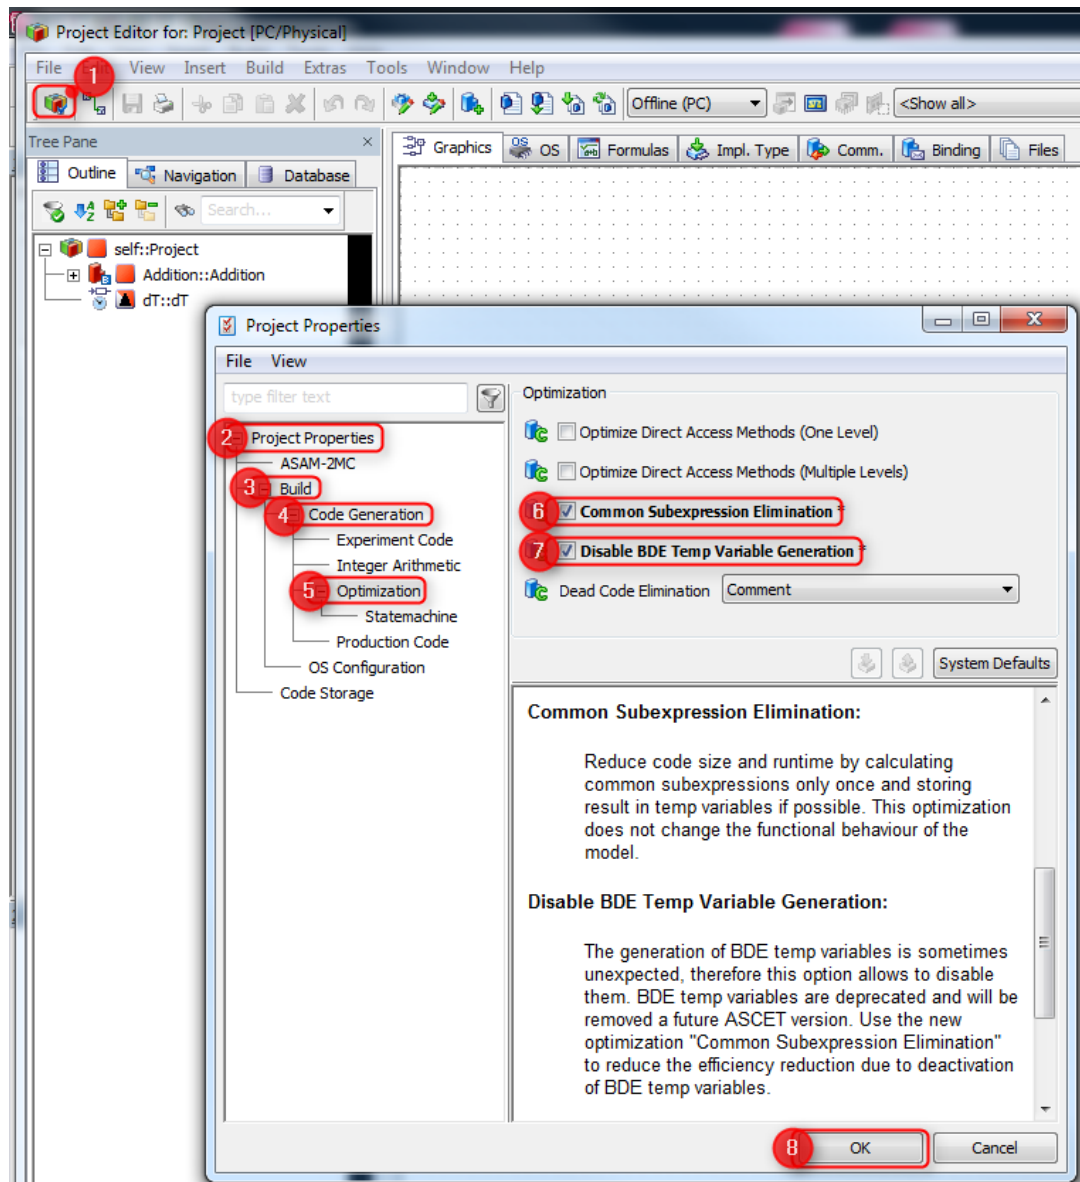

Answer:

- In ASCET: Open Project Properties dialog (for example via "Open Component")

- In **Project Properties** dialog: **Project Properties** > **Build** > **Code Generation** > **Optimization**

- In order to disable all BDE temp variables:
 - Check **Disable BDE Temp Variable Generation**
- In order to get code size and runtime optimizations nevertheless:
 - Check **Common Subexpression Elimination**
