# What does <<Show hidden messages>> mean?

Question:

- In **ASCET MONITOR** on tab **Messages** there is the option/feature **Show hidden messages**

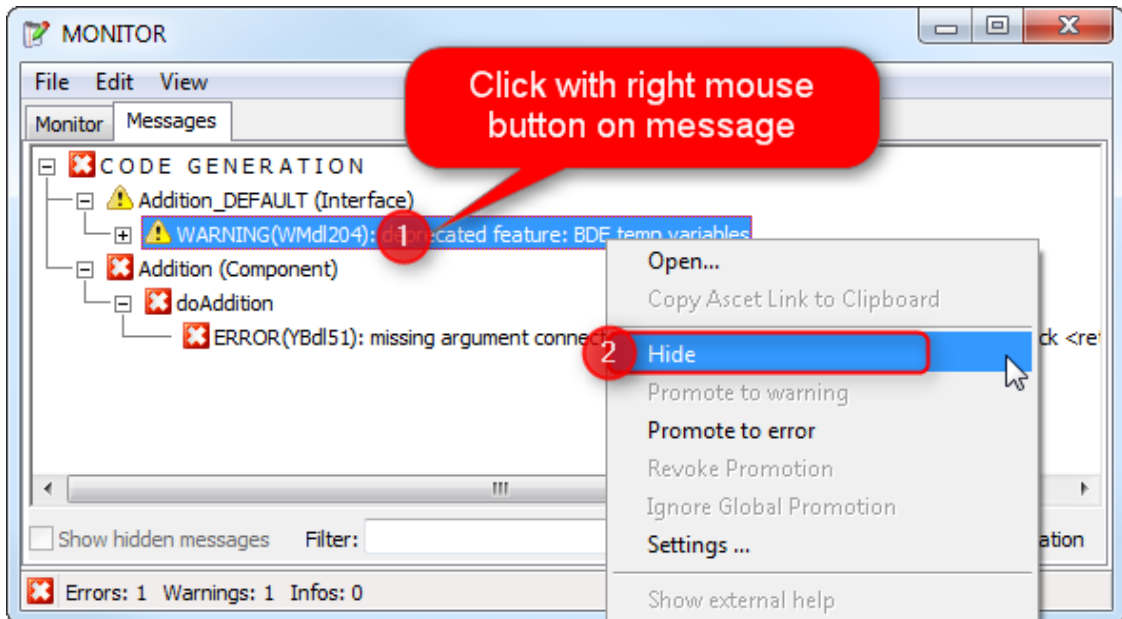

- What does this mean?

- What are hidden messages?

Answer:

- These hidden messages refer to **warning messages**

  o These hidden messages do **not refer to** messages that are available in block diagram editor as **data type**

- It is possible to hide messages of the same type to keep the display clearer

- **Error messages** cannot be hidden (even if they are promoted warnings or promoted information)
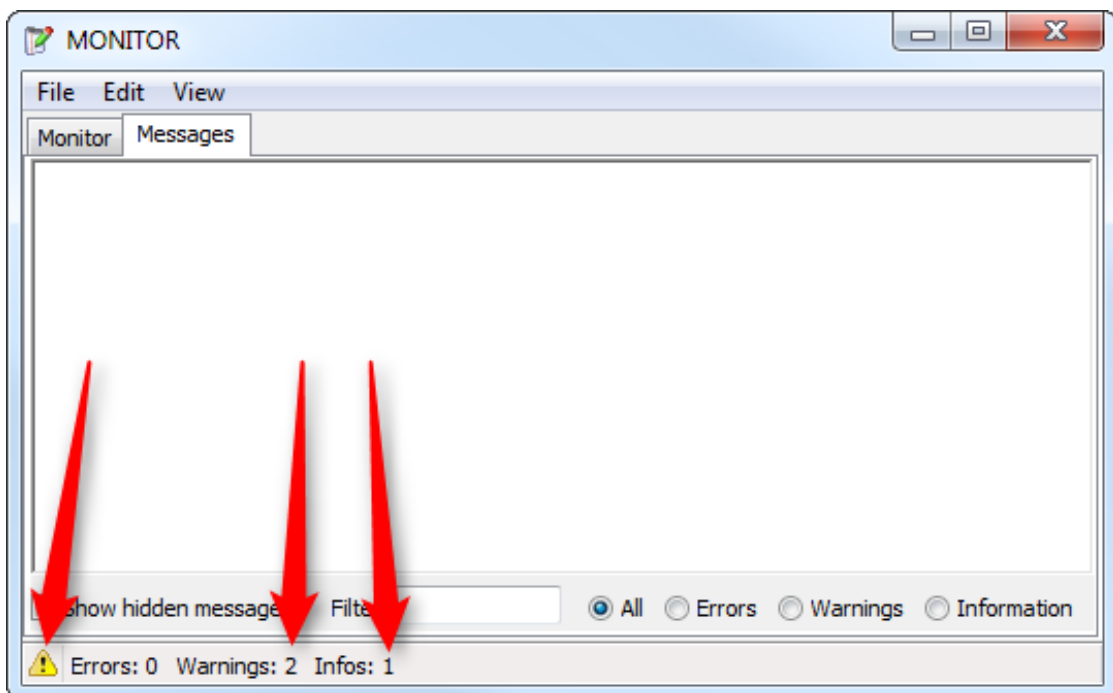

ℹ Additional information:

- You can hide messages in the MONITOR via **right mouse button click > Hide**

- o All messages of the selected type are hidden
  - o The number of messages displayed in the footer of the monitor window is adjusted

- If you **hide all** warning and information messages:
  - o A yellow triangle with black exclamation mark is shown at the left of the footer: ⚠

- The numbers, as well as the yellow triangle with exclamation mark, in the display field indicate that there are hidden messages:
