

## How to display the toolbar in the oscilloscope of MDA V8. If the toolbar is not displayed the button *Show Toolbar* is not visible.

## Place the cursor in the oscilloscope toolbar area for a short while to display the toolbar again

Place the cursor for a short moment in the narrow white area between the window title and the oscilloscope graphic, then the toolbar will be shown again (see screenshot below).

You can fix the toolbar permanently by pressing the button *Show Toolbar*.
