

ISOLAR-A: Move AUTOSAR element to other package

? Question

- How to move an AUTOSAR ("AR") element to another package?
- By accident, I created an element in the wrong AR package. How can I move it?
- Element is created in ARPackage_2.arxml. How to move it to ARPackage_3.arxml?

Answer

- o There are 2 views where we can drag and drop elements from AR package to AR package
 - AR Explorer view
 - AUTOSAR Explorer view (file names are displayed)

AR Explorer

o In AR Explorer view → Click Show Arpackage only icon
